

Please keep the no call list.

We don't appreciate phone calls at all times of the night up until 10:00 simply soliciting business. If we are interested in something we contact the business handling the service we want and don't need the deals, special incentives, etc. to decide what, where and whom to buy from.

These calls are nothing but a BIG PAIN IN THE YOU KNOW WHAT!!!!!!

Thank you for stopping pesty salespeople calling whenever they feel like it for no good reason.
